I. SIGNIFICANT ITEMS

1. The first lecture at the [ ] given by Mr. Kirkpatrick appeared to be quite a success. [ ] met with us prior to the lecture for approximately thirty minutes and discussed various facets of the Latin American scene. The lecture took an hour and thereafter thirty minutes of questions were entertained. The delegates and staff officers seemed very interested in the subject and several came up to congratulate and speak to Mr. Kirkpatrick afterward.

Upon my return I received a call from [ ] Staff who wanted to know how to address a letter of appreciation and commendation for the job Mr. Kirkpatrick had done. I suggested that this be sent to the Director of Central Intelligence.

II. OTHER ACTIVITIES

1. Major Barnhart of the Air Force Command and Staff College, Maxwell Field, Alabama, conferred with [ ] and me on certain lectures to be given after the first of the year at Maxwell Field. It was agreed that [ ] would participate in the lecture on "Marxism-Leninism" about [ ] Another lecture on "The Status Of Communism in the USSR Today," from a speculative point of view did not appear to be one which this school could satisfactorily give. Major Barnhart stated that they already had in mind inviting [ ] presently at the University [ ] suggested [ ] as another possibility. I suggested [ ] as a third possibility in the event they did not find either of the others available. I thereafter introduced Major Barnhart [ ] although I was not present at their discussion.

Institute, I communicated with [ ] but was advised by him that he was handling only the aspects of this course which were given here in the Agency and that all lectures given at the Foreign Service Institute by this school in the past had been handled directly from SIC. I discussed, however, with [ ] possible individuals to fill the suggested requirements. He proposed [ ] and either [ ] or [ ] ORR. Prior to suggesting [ ] I am attempting to review this matter with [ ] for his recommendations.

3. At the request of [ ] SIC has agreed to provide the following lectures for the Strategic Intelligence School:

- a. "Basis of Communist Thought," 4 November - [ ]
- b. "Development and Status of Communist Organization," 4 November - [ ]
- c. "Communist Strategy and Tactics" and "The Communist Movement Today," 5 November - [ ]

[ ]

5. A project to train four [ ] over a period of up to four years in the United States would include training by SIC. Originally contemplated as a four-week concentrated course, the present plans of the [ ] are to permit training by SIC during a four-month period beginning in February 1959, at the convenience of the school and at the convenience of the students who will be taking certain work at [ ]. Such a tutorial arrangement would permit flexibility and would work in quite satisfactorily with the schedule of the school - the Desk was so advised.

6. [ ] has been put in charge of a project to bring up-to-date bibliographies (unannotated) of unclassified material on Communism. He has already discussed this with the Library and they have offered their assistance. The bibliography now in use was produced in May 1956. English language material will be considered first and thereafter materials in some of the more common languages such as French and Spanish may be requested.

7. SIC had the opportunity of briefing [ ] Secretary to [ ] Chief of [ ] and three new Training Officers - one from FDD, one from the new Graphic Intelligence Center and one from ORR.
